Greetings to the Graduates

The pomp and ceremony of convocation exercises formally mark an important life transition for you, our graduates. Surrounded by proud families, friends, teachers and mentors, you may now move forward with confidence, having earned our admiration and praise.

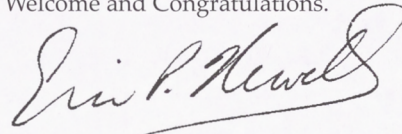

Each of you chose to follow a rigorous intellectual path and each has proved worthy. Today, you mark an important milestone in your life while we, your community, mark an important one in ours. One hundred years ago, the University of Alberta was founded on a scrubby piece of riverbank by men and women who believed this province should be built on a foundation of knowledge.

At that time, our founding president, Henry Marshall Tory, promised that the knowledge within these walls would not remain here, but would flow forever outward in service to our community. Today, you join more than 200,000 University of Alberta alumni worldwide in fulfilling that promise.

Since those first classes back in 1908, our community has grown beyond the borders of Alberta to encompass the world in one global community. Learning to live peacefully and prosperously in this community will require leaders and citizens of vision, commitment and drive. More than ever, the world needs leaders and citizens like the people you have become.

While today may seem like an ending, it is not. Today is a beginning, a first step along a new path. You will continue to grow, to learn and to contribute. You will also continue to be a life-long member of our University of Alberta community.

Welcome and Congratulations.

Eric P Newell, O.C., LLD (Hon)
Chancellor

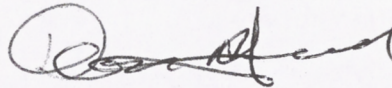

My heartfelt congratulations to you, this year's University of Alberta graduates.

Graduation marks the end of one life chapter and the beginning of another. Some of you may choose to continue your postsecondary studies. For others, your time as a student has drawn to a close and you are ready to enter the workforce.

Whatever the next phase of your life, your studies at the University of Alberta will serve you well. Employers need well-educated individuals to develop our province's knowledge-based economy. Those individuals who advance their education further still are contributing to higher learning or leading Alberta's research and innovation efforts.

But your learning doesn't end today or after completing another degree. To be successful, you must continue learning throughout life, building upon the educational foundation you have now established.

All the best to you as you pursue your personal aspirations and help to build a stronger Alberta

Honourable Doug Horner
Minister of Advanced Education and Technology

Greetings from Faculty and Staff

Universities began as small collections of scholars who worked together to preserve and advance knowledge. Students came to study with them and, in due course, an administrative structure arose to provide system and recognition for those studies. This ancient structure is preserved at the University of Alberta, with the faculty and the students providing the core of the University's purpose: teaching and the advancement of knowledge.

The faculty and staff congratulate you, the graduates, on the successful completion of your present studies which is recognized by the degrees to which you are admitted today. We hope your present knowledge provides a sound base for an education which will continue throughout a rewarding life. To quote Honorary Degree Recipient Tommy Banks: "Try to be a good person. You will be amazed how rewarding it is."

Congratulations from the Faculty and Staff!

Order of Ceremony, November 21

National Anthem

O Canada! Our home and native land!
True patriot love in all thy sons command.
Car ton bras sait porter l'épée, (With glowing hearts we see thee rise)
Il sait porter la croix! (The True North strong and free)
Ton histoire est une épopée (From far and wide, O Canada)
Des plus brillants exploits. (We stand on guard for thee)
God keep our land glorious and free!
O Canada! We stand on guard for thee.
O Canada! We stand on guard for thee.

Invocation

Dr Eric P Newell
Chancellor

Welcome to the University

Convocation Address

Dr Donald McQueen Shaver

Conferring of Degrees

The Presentation

The Dean of the Faculty of Science presents the candidates for degrees with these words:

"Eminent Chancellor and Acting President, on behalf of the Faculty, I present to you these scholars and ask that they be pledged and admitted to the degrees to which they are entitled."

The Pledge

The Acting President then addresses the candidates in these words:

"Do you promise faithfully to observe and loyally to maintain the statutes, customs, privileges, and liberties of this, your University? Do you solemnly promise to conduct yourself in all things loyally and faithfully to the honour of your University, the encouragement of learning, and the good of your country?"

Each candidate replies:

"These things I pledge myself to do."

The Admission

The Chancellor then addresses the candidates in these words:

"By virtue of the authority vested in me by the Legislature of this Province, and with the consent of this University, I admit you to the degrees to which you are entitled, and invest you with all the powers, rights, and privileges pertaining to such degrees. I charge you to use them for the glory of God and the honour of your country."

The graduates remain in their places.

Presentation of Graduates

The graduates are presented individually to the Chancellor in alphabetical order according to the seniority of their faculty and the establishment date of each program.

Honorary Degree Recipient

Donald McQueen Shaver

Founder, Chairman and CEO of Shaver Poultry Breeding Farms Ltd., Mr Donald McQueen Shaver has spent a lifetime contributing to improving the food supply of people around the world. Within a generation he expanded from the original family farm in Cambridge, Ontario to build research and production facilities with local partners or co-operators in Canada, the United States, Great Britain, France, Netherlands, Germany, Barbados, Pakistan, India, Brazil, Argentina, Japan and New Zealand.

An award-winning breeder and entrepreneur, his breeds of laying hens and broiler chickens have been licensed for distribution in over 90 countries. Mr Shaver has established international research fellowships, and has sponsored poultry workers from across the globe to visit his production facilities in order to promote research commercialization and technology transfer.

In recognition of his accomplishments, Mr Shaver is a charter member of the World's Poultry Science Association International Hall of Fame, and a member of the American Poultry Hall of Fame and the Canadian Agricultural Hall of Fame. He has received the Canadian Feed Industry Association's Golden Award, the Canadian Department of Agriculture Award of Excellence in Agri-Food Industry, and the Canadian Government Award for World-Wide Export Excellence. Chair of the Canadian Farm Animal Genetic Resources Foundation, Mr Shaver was also one of the first individuals to react to concerns that genetic diversity in farm animals is decreasing, and he became a leading advocate for the creation of the Canadian Animal Genetic Resources Centre.

Mr Shaver served overseas with the Royal Canadian Armoured Corps from 1941 to 1945, and as an Honorary Colonel of the Royal Highland Fusiliers of Canada. He has also served Canada as a member of the National Science Advisory Board, Chairman of the Board of Directors of the Canada Development Investment Corporation, and a director on the boards of several Canadian companies.

His record of service to the international community is equally remarkable. Mr Shaver was Council Chairman of the Developing Countries Farm Radio Network, which today continues to work with 300 radio broadcasters in 39 African countries to fight poverty and food insecurity. The Network facilitates an exchange of information that seeks to improve nutrition and health, meets the needs of both men and women, is environmentally sustainable, and requires only those resources ordinarily available to small-scale farmers and their families in rural communities. Through his efforts, teams of volunteers were trained in poultry production and sent through agencies such as the Canadian University Services Overseas (CUSO) to dozens of countries.

An Officer of the Order of Canada, Mr Shaver is recognized throughout the world as a pioneer in the internationalization of the poultry industry. A visionary leader in business and agri-food production, he is an exemplary global citizen.

The University of Alberta Senate is donating the following volume to the Bruce Peel Special Collections Library to commemorate the awarding of an honorary degree to Mr Donald McQueen Shaver:

M. Prudent Le Choyeselat. Discours oeconomique non moins utile que recreatif. Rouen; Martin le Menestrier. Touxte la coppie imprimée à Paris, 1612.

Written in France during the reign of Charles IX (1560-1574) this is an early edition of the first book to be written on the subject of poultry husbandry. The author was an official in Sézanne in Champagne. The English translation was published in London in 1577 and went through many editions throughout the years. The Englished title charmingly describes the usefulness of the contents being, A discourse of housbandrie, no lesse profitable then delectable, declaring how by the housebandrie, or rather housewiferie of hennes, once employed, one maie maketh five hundred poundes of honest profite. All costes and charges deducted. This is a lovely, rare edition on an extremely specialized subject.

Congratulations Graduates

The list of candidates for degrees, certificates, and diplomas appearing herein is subject to such corrections, with respect to additions, deletions, and changes, as may be necessary. The information as presented is current as of the program printing deadline. Graduates attending the ceremony are presented to the Chancellor alphabetically. National Anthem

O Canada! Our home and native land!

True patriot love in all thy sons command.

Car ton bras sait porter l'épée, (With glowing hearts we see thee rise)

Il sait porter la croix! (The True North strong and free)

Ton histoire est une épopée (From far and wide, O Canada)

Des plus brillants exploits. (We stand on guard for thee)

God keep our land glorious and free!

O Canada! We stand on guard for thee.

O Canada! We stand on guard for thee.

Convocation Address

Dr Allison Douglas O'Brien

Conferring of Degrees

The Presentation

The Acting Dean of the Faculty of Arts presents the candidates for degrees with these words:

"Eminent Chancellor and President, on behalf of the Faculties, I present to you these scholars and ask that they be pledged and admitted to the degrees to which they are entitled."

The Pledge

The President then addresses the candidates in these words:

"Do you promise faithfully to observe and loyally to maintain the statutes, customs, privileges, and liberties of this, your University? Do you solemnly promise to conduct yourself in all things loyally and faithfully to the honour of your University, the encouragement of learning, and the good of your country?"

Each candidate replies:

"These things I pledge myself to do."

The Admission

The Chancellor then addresses the candidates in these words:

"By virtue of the authority vested in me by the Legislature of this Province, and with the consent of this University, I admit you to the degrees to which you are entitled, and invest you with all the powers, rights, and privileges pertaining to such degrees. I charge you to use them for the glory of God and the honour of your country."

The graduates remain in their places.

Congratulations

Honorary Degree Recipient

Allison Douglas O'Brien

A distinguished alumnus of the University of Alberta, Mr Al O'Brien has made transformative contributions to the civil service and to the public welfare of all Canadians. He received his honours degree in economics from the University of Alberta in 1964 and his Masters Degree in 1969. A graduate of the Banff School of Advanced Management, he also served the University for two years as Acting Vice-President of Finance and Administration.

Mr O'Brien retired as Deputy Provincial Treasurer of the Province of Alberta in May, 1999. In his 35 year career in the Alberta Public Service, he served as Director of the Budget Bureau, Assistant Deputy Treasurer, Controller, and as Deputy Provincial Treasurer, Management and Control. He was appointed Secretary of the Treasury Board in 1988. He also served as a Director of the Alberta Municipal Finance Corporation, the Credit Union Deposit Guarantee Corporation, the Alberta Pension Administration Corporation, and as Chairman of the Province's Investment Operations Committee. He succeeded in building a coalition of provinces in agreement with the difficult measures to reform the Canada Pension Plan, which has helped to protect the retirement incomes of Canada's senior citizens.

Mr O'Brien also trained a generation of treasury officials to champion sound business planning and performance measurement in government, leading efforts from within Alberta's public sector to restore the province's credit position and tackle the public debt. In recognition of his groundbreaking efforts in implementing fundamental change in Alberta's fiscal management, he was awarded the Lieutenant Governor's Award for Exceptional Achievement and Distinctive Leadership in Public Administration in Alberta in 1998.

He has been active in many professional and community organizations, having served as a Governor of the Glenbow Alberta Institute, Treasurer of the Edmonton United Way, and a Director of the Banff School of Advanced Management. He is currently a Senior Fellow of the C.D. Howe Institute, a member of the Advisory Council of the Institute of Intergovernmental Relations at Queen's University, and a member of the Investment Committee of the Alberta Teachers' Retirement Fund.

Mr O'Brien is also a Fellow of the Institute for Public Economics, University of Alberta, and a Director of ATB Financial and Cordiant Capital (Montreal). He was a member of the Premier's Advisory Council on Health (the Mazankowski Council), as well as the first chair of Alberta's Health Innovation Fund Advisory Committee. He also chaired the Expert Panel on Equalization and Territorial Formula Financing which presented its report to the Federal Minister of Finance in June, 2006, championing a proposal to return equalization to core principles of equity and fairness of treatment for all Canadians.

Mr O'Brien's commitment to leadership and innovation is balanced by a legacy of thoughtful analysis, compassion and integrity. His lifelong contributions to public policy have strengthened Canadian society and enriched the intellectual life of our community.

The University of Alberta Senate is donating the following volume to the Bruce Peel Special Collections Library to commemorate the awarding of an honorary degree to the Mr Allison Douglas O'Brien:

George Heriot. Travels through the Canadas, containing a description of the picturesque scenery....London; Printed for Richard Phillips, 1807.

This engaging account of the Loyalist settlements in Canada provides a fascinating perspective on everything from Aboriginal culture to the transport of merchandise from Montreal to Kingston in flat-bottomed boats. George Heriot (1759-1839) served as Deputy Postmaster General of British North America, which required him to travel extensively throughout Upper and Lower Canada. He recorded his travels with text, watercolours, and ink sketches, and many fine illustrations were included in the present volume as aquatints. The delightful plates include panoramic views of Quebec, the cascades of the St. Lawrence, Aboriginal encampments, and several scenes that depict local manners and customs.

Congratulations Graduates

The list of candidates for degrees, certificates, and diplomas appearing herein is subject to such corrections, with respect to additions, deletions, and changes, as may be necessary. The information as presented is current as of the program printing deadline. Graduates attending the ceremony are presented to the Chancellor alphabetically. The winner of the most prestigious award in each faculty, if attending, is presented first.

Musical Prelude

Music is provided by the University of Alberta Convocation Band under the direction of Dr Thomas Dust, BSc, BEd, MM, DME. Vocal accompaniment is by Ms Kimberley Denis, a graduand in the Faculty of Graduate Studies and Research, Department of Music. Please remain seated during the prelude.

Ceremonial Procession

Following the University of Alberta Cheer Song, the band will play a drum roll and the opening bars of the processional to signal the arrival of the Chancellor and other members of the Platform Party.

Members of the procession enter the auditorium in the following order:

Chief Marshal and Mace Bearer
Marshals
Chancellor
Chair of the Board of Governors
President and Vice-Chancellor
Government Minister
Vice-Presidents
Honorary Graduand and Presenter
Honorary Doctors of the University
Alumni Association Officer
Deans of the Faculties
Registrar
Assistant Registrar
Members of the Judiciary
Governors of the University
Senators of the University
Representatives of Governments
Representatives of Postsecondary Institutions
Faculty of the University

National Anthem

O Canada! Our home and native land!
True patriot love in all thy sons command.
Car ton bras sait porter l'épée, (With glowing hearts we see thee rise)
Il sait porter la croix! (The True North strong and free)
Ton histoire est une épopée (From far and wide, O Canada)
Des plus brillants exploits. (We stand on guard for thee)
God keep our land glorious and free!
O Canada! We stand on guard for thee.
O Canada! We stand on guard for thee.

Invocation

Dr Eric P Newell
Chancellor

Welcome to the University

Conferring of Honorary Degrees of Doctor of Laws

Professor Patricia Smith Churchland
Professor Paul Churchland
Presented by *Dr Gurstan Dacks*
Acting Dean, Faculty of Arts

Convocation Address

Dr Patricia Smith Churchland
Dr Paul Churchland

Conferring of Degrees

The Presentation

The Dean of the Faculty of Graduate Studies and Research presents the candidates for degrees with these words:

"Eminent Chancellor and President, on behalf of the Faculties, I present to you these scholars and ask that they be pledged and admitted to the degrees to which they are entitled."

The Pledge

The President then addresses the candidates in these words:

"Do you promise faithfully to observe and loyally to maintain the statutes, customs, privileges, and liberties of this, your University? Do you solemnly promise to conduct yourself in all things loyally and faithfully to the honour of your University, the encouragement of learning, and the good of your country?"

Each candidate replies:

"These things I pledge myself to do."

The Admission

The Chancellor then addresses the candidates in these words:

“By virtue of the authority vested in me by the Legislature of this Province, and with the consent of this University, I admit you to the degrees to which you are entitled, and invest you with all the powers, rights, and privileges pertaining to such degrees. I charge you to use them for the glory of God and the honour of your country.”

The graduates remain in their places.

Presentation of Graduates

The graduates are presented individually to the Chancellor in alphabetical order according to the seniority of their faculty and the establishment date of each program.

Recession

Members of the audience are requested to remain at their places until the Platform Party and the graduates have recessed.

Following the Convocation ceremony, light refreshments will be served in the reception areas on the main floor and first balcony foyers. The University and the Alumni Association cordially invite you to attend.

Those graduates who would like a photograph with the Chancellor may meet him in the east end of the main floor foyer by the Special Collections display. The Chancellor will be available for approximately twenty minutes following the conclusion of the ceremony.

Congratulations

Honorary Degree Recipients

Patricia Smith Churchland

Paul Montgomery Churchland

Canadian pioneers in neurophilosophy, Professors Patricia Smith Churchland and Paul Montgomery Churchland have sought to create a unified philosophical and scientific understanding of the cognitive and ethical lives of human beings. Their bold critiques of cognitive science and contemporary philosophy have created new collisions between the sciences and the arts, advancing debate and enriching scholarship across several academic disciplines.

Influential thinkers whose work is taken very seriously outside of philosophy, both professors have served as Presidents of the American Philosophical Association. Recognizing that advances in neuroscience would have a profound influence on how we see ourselves and ultimately how society is organized, the Churchlands have also emphasized the value of those philosophical resources already present in the best science.

Paul Montgomery Churchland was born in Vancouver, British Columbia and received a Bachelor of Arts in Philosophy, Physics and Mathematics from the University of British Columbia and a Ph.D. from the University of Pittsburgh. He has served on the editorial boards of *Perception*, *Philosophical Psychology*, *Inquiry*, and *Philosophy of Science*. He has argued that neural networks can be the foundation of a radically new way of conceiving of all of psychology, and his work on pattern recognition also proposes new ways of considering theories of knowledge and ethics. The Valtz Chair of Philosophy at the University of California, San Diego, Paul Churchland continues to challenge theories of mind-brain interaction, arguing that a more advanced neuroscience might one day replace the language of beliefs, desires and emotions to describe the activity of the human brain.

Patricia Smith Churchland was born in Oliver, British Columbia and received her education at the University of British Columbia, the University of Pittsburgh and the University of Oxford. An adjunct professor at the Salk Institute for Biological Studies, she also received one of the MacArthur Research Fellowships designed to encourage scholars to exercise their creative instincts for the benefit of human society. A professor and former department chair in philosophy at the University of California, San Diego, Patricia Smith Churchland examines the implications of discoveries in neuroscience for social issues ranging from legal judgments to educational practice. Her work continues to explore the neurological underpinnings of morality, and examines notions of choice and responsibility in terms of brain function and brain-culture interactions.

Married for almost forty years, the Churchlands have separately and together pursued a very old philosophical puzzle – the problem of how to understand the relationship between the conscious experience and the brain itself. Concerned not just with what the mind does but how it does it, Patricia Smith Churchland and Paul Montgomery Churchland have left an indelible mark on our understanding of thought, language, perception and memory.

The University of Alberta Senate is donating the following volume to the Bruce Peel Special Collections Library to commemorate the awarding of an honorary degree to Professor Patricia Smith Churchland and Professor Paul Montgomery Churchland:

Permenides. The Fragments of Permenides & an English Translation by Robert Brighurst. Wood engravings by Richard Wagener. Berkeley, Calif; Editions Koch, 2003.

This lavishly produced edition of Parmenides' Pre-Socratic poem, which has survived only in fragmentary form, was painstakingly crafted by letterpress printer Peter Koch, translator Robert Brighurst, and several other artists. What made the project so demanding was the knowledge and expertise required for the various components, which included two specially commissioned Greek typefaces, vibrantly coloured abstract wood engravings, and considerable handwork for everything from the binding to the setting of new foundry type. Parmenides addressed serious philosophical questions that focus on the nature of Being, and his influence was felt throughout the entire history of Western philosophy.

Congratulations Graduates

The list of candidates for degrees, certificates, and diplomas appearing herein is subject to such corrections, with respect to additions, deletions, and changes, as may be necessary. The information as presented is current as of the program printing deadline. Graduates attending the ceremony are presented to the Chancellor alphabetically. The winner of the most prestigious award in each faculty, if attending, is presented first.

Welcome to the Alumni Association

Because your degree is only the beginning...

As a graduate of the University of Alberta, you are part of the University's worldwide alumni family, now more than 200,000 members strong, playing leading roles in their communities and in the world. Internationally known U of A alumni include former Canadian Prime Minister Joe Clark; former World Conservation Union President Jay Hair; Nagoya University founder, the late Yuichi Kurimoto; former Alberta Premier Peter Lougheed; and Nobel Prize winning physicist Richard Taylor; All around the world, your Alumni Association can help you with services, contacts, and news from your alma mater, so stay in touch!

Exclusive Benefits and Services

As a new alumnus you're probably wondering what the Alumni Association can do for you. In short, we're here to help. We want to help you save money, keep in touch, see the world, and get all the recognition you deserve.

Save money

Go to Vegas, get your nails done, sponsor a foster child, tip your waitress, but don't overspend on insurance. As a U of A alumnus, you can get great home, auto, health, life, and dental insurance rates through TD Meloche Monnex, so you can spend the rest of your money the way you want to.

Keep in touch

Your U of A e-mail address expires three months after graduating, so make sure you sign up for free email forwarding or join the Online Community and let your former classmates know where you are and what you're doing with your degree. Visit www.ualberta.ca/alumni for more details.

Mad props!

Each year the Alumni Association recognizes some of our outstanding alumni with awards. Narrowing the field is a tough job given the caliber of all of our grads, so help us out by nominating an exceptional alumnus – like you!

Move, shake

Rub elbows with fellow U of A grads at parties, receptions and special events – it's a great way to network, keep in touch with old friends, and make new ones. The Alumni Association works with your classmates to arrange a reunion every five years, but you don't have to wait that long to reconnect – come to a happy hour "shindig", bring a date to an alumni theatre event, or join us for coffee at an afternoon reception.

Life 101

We know the learning curve doesn't level out after graduation, which is why we offer seminars and workshops to address some of the issues that don't get covered in school.

They include:

- Debt-Management Seminars
- Income Tax Workshops
- Home-Buying Seminars
- Investment Seminars

Get out of town

The Alumni Association offers a number of travel opportunities for grads, from outdoor adventure trips in British Columbia, to luxury cruises on the Panama Canal. For the independent traveler, the Online Community includes travel advice from alumni living abroad – get in touch and get travel tips from someone who's been there!

Chapters of the Alumni Association

Chapters exist to maintain connections between alumni from specific faculties or clubs on the University campus. Volunteer opportunities exist for alumni interested in maintaining and building upon valuable university contacts through these Chapter activities. Contact can be made through the Office of Alumni Affairs.

Branches of the Alumni Association

While approximately forty percent of our graduates live in Edmonton and nearby communities, alumni live, work, and make their impact felt in countries in all corners of the globe. There are alumni volunteers in more than forty communities around the world, providing social and career contacts to graduates moving to a new area. Chances are, wherever you end up after graduation, there's a branch of the Alumni Association there. If not, maybe you should start one – ask us how!

U of A Grads (re)Unite!

The Alumni Association invites you back to a Reunion every five years, but you don't have to wait until then to celebrate. 2008 marks the 100th anniversary of the U of A, and we're throwing the party of the century! Come back to campus September 18 – 21 for a Homecoming party you'll never forget, including concerts, sporting events, lectures, a gala dinner, a dance, and, of course, fireworks!

History of Convocation

Magna Congregatio

In the eleventh century, a new vitality quickened all aspects of the civilization of Western Europe. The creative forces thus unleashed soon found expression in new institutions, and of these the university bids fair to be the most enduring. The modern university is the lineal descendant of the university of the Middle Ages. Its purposes and organization, even much of its ceremonial, are medieval in origin.

The medieval university was originally called a *studium generale*, that is, a place of learning to which teachers and students from anywhere resorted. The first *studia* were at Salerno, Bologna, and Paris. These came into existence spontaneously and developed through the twelfth century as the needs of the time and their inner necessities dictated. In the thirteenth century these spontaneous associations crystallized into guilds or corporations endowed by Church and State with specific privileges which guaranteed the internal autonomy necessary for the vocation of study. To these corporations was increasingly applied the word *universitas* denoting the entire group of those responsible for the transmission of higher learning and the pursuit of knowledge.

By the beginning of the 14th century, two forms of university organization had appeared. At Bologna, primarily a higher school of canon and civil law to which came men experienced in ecclesiastical and secular administration, the control of the *studium generale* passed to the students; hence Bologna was a *universitas scholarum*. On the other hand in Paris and Oxford, whose dominant faculty was the Faculty of Arts, the *studium* emerged under the direction of a guild of teachers, a *universitas magistrorum*. Through its own officials, notably the chancellor (once symbol of external control and by now of internal autonomy), the guild of teachers developed its courses of instruction, administered its own affairs and admitted to its company only those who had met its intellectual standards. The University of Alberta stands in the tradition of Paris and Oxford.

Originally the goal of the medieval student was certification by the guild of teachers that he also was qualified to teach (the *licentia docendi*). With the passage of time the student's progress through the curriculum was marked by ceremonies which signified his successful attainment of a certain level (*gradus* or in modern language, degree) of competence. The Bachelor had completed his apprenticeship in the Faculty of Arts. The Master was now qualified to teach in that Faculty and was thus incorporated into the *universitas magistrorum*.

The Doctor was one who, having obtained the mastership, had successfully completed the curriculum of one of the "higher" faculties (in the Middle Ages, law, medicine, and theology) and was now qualified to teach in those faculties. Inevitably the degrees of the *universitas* did more than admit their holders to the teaching profession. They served the wider social purpose of demonstrating their holders' fitness to serve the entire medieval community.

Today's ceremony stems from the medieval tradition. The procession of the guild of teachers, whose solemn assembly, or convocation, is the modern equivalent of the medieval *magna congregatio* of all faculties, is led by the Chancellor and the Chief Marshal carrying the mace, the symbol of the University's corporate authority. The academic gowns, hoods, and caps, once the sober, disciplined dress of secular clergy and teachers, declare in their various designs and colors the academic qualifications of the Faculty. The citations and presentations by the Faculty to the Chancellor attest to him and to society the degree of proficiency attained by the students of the University. There follows a visible and public act whereby the *universitas magistrorum*, acting through its Chancellor, confers upon the students the appropriate degree. It is the act, not a certificate, which constitutes the validity of the degree bestowed. More, the formula, "I admit you" and the placing of the students' hands within the hands of the Chancellor and his associates, bind the students in the appropriate degree to the *universitas magistrorum*. The students thereafter bear for all time the mark of their association with this University. They have received what the University has been and presently is. Because they bear in themselves the promise of the future, they are what the University hopes to be. Despite its solemnity, convocation is a joyous occasion.

The history of academic dress reaches far back into early days of the oldest universities. A statute of 1321 required that all "Doctors, Licentiates, and Bachelors" of the University Coimbra wear gowns. In England, in the second half of the fourteenth century, the statutes of certain

colleges forbade "excess apparel" and prescribed the wearing of a long gown. It is still a controversial question as to whether academic dress finds its sources chiefly in ecclesiastical or in civilian dress. Gowns may have been counted necessary for warmth in the unheated buildings frequented by medieval scholars. Hoods seem to have served to cover the tonsured head until superseded for that purpose by the skull cap. This was itself displaced by a headdress more or less like one or another of those now recognized as "academic." (The mortar board - the hard, square cap commonly used as academic headdress today - evolved from the softer, more flexible "square cap" introduced in England about 1490. It is named for the square board on a handle used by stone masons for holding the mixed mortar to be applied to walls.) Both Cambridge and Oxford have made academic dress a matter of university control to the extent of even its minor details and have repeatedly issued revised regulations. In Laudian days in Oxford it was prescribed that any tailor who departed from authorized design "even by a nail's breadth" in the making of any article of collegiate costume was to be punished by the vice-chancellor of the university.

Academic dress at the University of Alberta generally follows the prescription of Cambridge University in the design of the gown, and that of Oxford University in the design of the hood. See the Academic Dress page in this program for a detailed description of the academic dress at this institution.

In addition to the apparel worn by holders of degrees conferred by the University of Alberta, a collection of apparel specific to particular offices has also been developed. The President of the University wears a green gown faced with gold braid trim and lining and a black cap with a gold tassel. The Chancellor and Chancellors Emeriti wear gowns of teal blue with silver trim and black caps with silver tassels. The gowns of the senior officials bear an embroidered crest of the University. University Governors and Senators wear stoles bearing the crest of the University over their gowns: gold for Governors and green for Senators. The University Registrar wears a green gown with gold trim on the sleeves.

Graduates and staff of the University of Alberta who wish to purchase their own academic apparel are invited to contact the Assistant Registrar, Academic Awards and Ceremonies in the Office of the Registrar and Student Awards. The University Coat of Arms

Quaecumque Vera

On November 15, 1909, a motion by the faculty recommended to the Senate the adoption by the University of the provincial coat of arms, with the addition of an open book above the shield and the motto *Lux et Lex*; the words "University of Alberta" were to be attached as might seem fit. The present motto was substituted in January 1911 for the one originally proposed. In 1950 the representation of the coat of arms was altered to conform better to the principles of heraldic design but these arms were never actually registered.

In 1994 a new coat of arms incorporating a number of traditional symbols associated with the University or the Province, or with learning, was officially granted by the Canadian Heraldic Authority. In non-technical language, it consists of the following elements:

Shield: a representation of the topography of Alberta (wheat fields, hills, rivers, and the Rocky Mountains) derived from the provincial coat of arms, and a book symbolizing learning.

Crest: a Great Horned Owl, the provincial bird and a traditional symbol of wisdom.

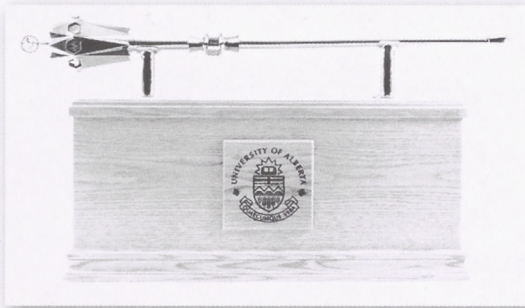

Supporters: a pronghorn, taken from the provincial coat of arms, and a golden bear, long the University mascot, standing on a mound of wild roses, the floral emblem of Alberta.

Motto: *Quaecumque vera*
("Whatsoever things are true,"

Mace and Ceremonial Chairs

University Traditions

The University of Alberta Mace was designed and crafted specifically for the University as a gift from Dr Francis Phillip Galbraith, Chancellor of the University of Alberta from 1964 to 1970. Michael Galbraith presented the Mace on behalf of his father on May 26, 1970.

Among its elements are the Star of Saint Thomas Aquinas, the Patron Saint of Scholars; the Wild Rose of Alberta; the Maple Leaf; and the separate charges which make up the University's Emblem. The University motto "Quaecumque Vera" ("Whatsoever Things Are True" Phil 4:8) encircles the staff. The Mace is made of sterling silver which was rhodium plated after the insertion of the various enamelled shields which make up its elements. A special electroplate process was used to apply 24 karat gold to other parts of the Mace.

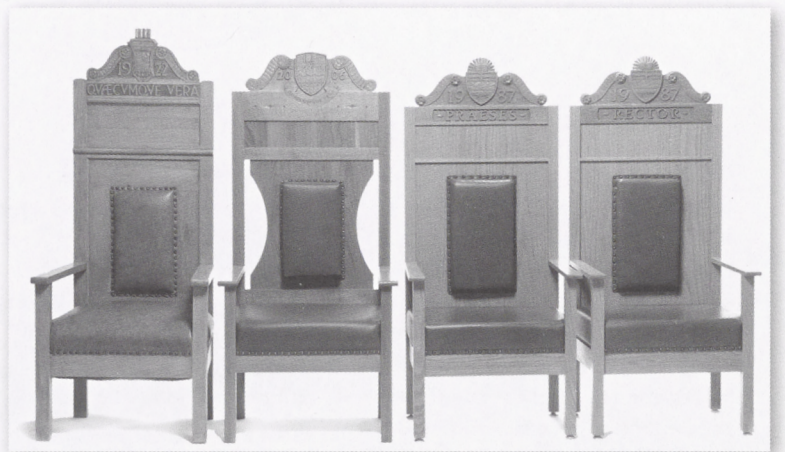

It was intended that the Mace should be modern in appearance but with medieval origins. The preponderance of visual weight at the top of the staff and the rather complex section through the metalwork at this point are reminiscent of the use of the mace as a weapon, defensive or aggressive.

The Mace is carried before the Chancellor, or Vice-Chancellor, in procession and rests on its stand in full view of the assembly during Convocation. Centuries ago the Mace was a symbol of authority over life and death. Today it represents power - but the power of knowledge and the importance of the University in the community.

The Chancellor's Chair was presented to the University of Alberta as a gift from the 1922 graduating class. It is made of solid oak with a padded leather back and seat. Above the padded-leather back is carved the University motto "Quaecumque Vera" together with the class year, 1922, and the University emblem.

In 1987, the family and friends of Dr Charles Malcolm Macleod, Chair of the Board of Governors from 1950 to 1966, presented a memorial gift to the University of an oak stand for the University of Alberta Mace and two additional chairs for use by the President and the Chair of the Board of Governors at Convocation.

In 2006, a fourth chair was donated in memory and honour of, Lois Elsa Hole, beloved Chancellor (1998–2000) and Lieutenant Governor (2000–2005), by Earl Evaniew, Sandra Kereliuk and their daughter Jennifer. This chair becomes part of the seating arrangements on stage, when the Lieutenant Governor or other high profile dignitaries attend the convocation ceremonies.

Academic Dress

Ceremonial Colors

All undergraduate and master's degree gowns are the customary Cambridge shape, i.e., a gown of black material falling below the knee with full sleeves cut to the elbow and terminating in a point.

Hoods are made in the Oxford pattern of spruce green material. The Bachelor's hood has a border three inches wide of the color distinctive of the Faculty as noted below. The Masters' hood has a full lining of the color distinctive of the Faculty also noted below. Mortarboards are the standard black trencher shape with black tassels, which are worn forward and to the left.

Doctorate Degrees

'Doctors' gowns (PhD, DMus, and EdD) conform to the Intercollegiate Code in design. They are made of black material and the velvet trim on the sleeves is Philosophy Blue for the PhD and DMus, and Education Light Blue for the EdD. Doctors' hoods conform to the Intercollegiate Code in shape, size, and color. They are made of black material to match the gown, and have a full lining of gold satin with a six-inch green satin chevron. The velvet trim distinguishes the two degrees and matches the velvet trim on

the gown's sleeves. There is a narrow green piping where the gold lining joins the black material. Mortarboards are the standard black trencher shape with black tassels, which are worn forward and to the left.

Honorary Doctorates

Honorary Doctors of Laws (LLD), Letters (DLitt), and Science (DSc) wear a scarlet robe faced with white silk. Hoods are made in the Cambridge form of scarlet silk with a full lining of white silk. Caps are black velvet with a gold tassel.

University of Alberta Centenary

Nearly 100 years ago, a man stood in a muddy field on the edge of a broad, fast-flowing river under the big blue skies of a brand new province and predicted: "Great things are about to happen."

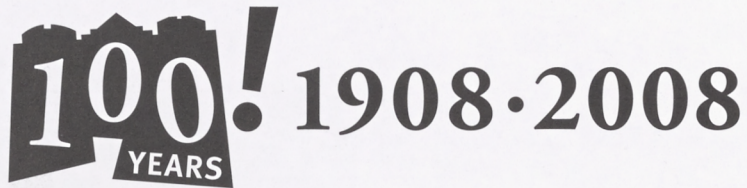

That man was Henry Marshall Tory, our first president. And he was right. Now great things happen every day across the province and at the University of Alberta.

There is no question that Tory launched the U of A on an extraordinary course. As we stand on the threshold of our second century and survey the accomplishments of this institution and its graduates, Tory would be very proud.

A university is the sum of its people, and a great university begins with great people. The U of A's Centenary will celebrate its people—faculty, staff, students, researchers and alumni— and their achievements that have had a profound impact and improved lives worldwide.

The first University of Alberta degrees were awarded in 1912, creating the constituency for an alumni association. As we near the 100th anniversary of the first day of classes, there are more than 207,000 alumni worldwide. In 2008, every graduate of the University of Alberta will be invited to come back to campus September 18–21 to celebrate the biggest Homecoming in the history of the university. We hope that you will join us as well.

For more information on the Centenary, go to www.100years.ualberta.ca

To assist us with future planning of our Convocation ceremonies, we would appreciate you taking a moment to complete the following survey. Thank you.
